John Talmage, Town Supervisor  
Town of Milan  
20 Wilcox Circle  
Milan, NY 12571

Dear Mr. Talmage:

This is the third notice that your annual financial report for the fiscal year ended December 31, 2005 is delinquent. General Municipal Law, §30 requires that you file your annual report with the Office of the State Comptroller within sixty (60) days after the close of the fiscal year. Since the annual report is also a matter of public record, a copy of this letter is being distributed to your municipality's clerk.

As detailed in our earlier correspondence, there are many different users of the financial data that is included in your annual financial report. In addition to being an important management tool for your governing board, the financial information is important to external users including the public, the Office of the State Comptroller, the State Legislature, other State Agencies, investors, and creditors. It is important to provide them with an accurate and timely annual financial report. If the financial data of your government is not included in our database, we cannot provide it to these users, which in turn could negatively affect your municipality.

Therefore, we urge you to file your annual financial report for the fiscal year ended December 31, 2005 without further delay. Our objective is to obtain your government's annual financial report and we remain ready to assist you in the preparation and filing of your report. The Division of Local Government Services and Economic Development has regional offices (see attached listing) available to provide a variety of services and assistance to local governments in New York State. Please contact the office that serves your county if you have questions relating to financial accounting or reporting issues. If you need assistance with the Annual Financial Report or our electronic filing software, please call (518)474-4014.

Sincerely,

**Anthony J. Dolan, CPA**  
Manager, Data Management Unit
